

Why Choose Rosemark

Rosemark at Mayfair Park helps older adults thrive in a vibrant, welcoming community that embraces highly effective approaches to successful aging. Our residents get support, stimulation and safeguards to retain their independence and Never Stop Blooming™.

Thrive With Us

Our diverse community is centered around you. You'll decide how to live your life, and have a hand in creating a welcoming community that brings out the best in everyone. Your family can focus on spending quality time with you, instead of attending to your daily needs.

An experienced team, warm relationships, a personalized care plan and the latest technologies have proven to expand seniors' sense of well-being, happiness and contentment. Our residents are listened to, respected as individuals, and have as much interaction as they desire.

- Highly effective approaches to successful aging
- Personalized care plan that's revisited frequently
- Daily programs and activities
- Warm relationships with staff
- Inclusive, diverse community that welcomes people of all backgrounds, customs, perspectives and lifestyles
- In-house fitness center, physical therapy area, massage, spa, gardens and walking paths
- Local ownership and management, with senior living experience

The Freedom That Comes With Expert Care And Discreet Monitoring

Unobtrusive wellness monitoring, the latest technologies and an experienced staff give you maximum freedom to do the things you want. You'll have the time and independence to explore your hobbies, relax and make new friends.

Most older adults experience more freedom of movement and relaxation knowing that there's a caring eye and wellness monitoring. A full program of successful aging events and activities help keep our residents content and thriving.

- Staff who are trained to notice changes in health status
- Specialized programs to help those with dementia and other issues thrive
- Alzheimer's and dementia expert, certified by Positive Approach to Care
- Clinic area for healthcare provider use
- QuietCare® dignified wellness monitoring and 24/7 call system
- Core Stix® strength building system
- Sway® balance monitoring technology
